

# NOTICE OF SIDEWALK REPLACEMENT CONSTRUCTION

## Locations:

**Nith River Way Neighbourhood**

## Project Details:

The Township of North Dumfries contractor, Royal Crown Construction, will be replacing various sidewalk blocks, or “panels” throughout the neighbourhood. This work includes the removal and replacement of existing sidewalk panels that are damaged, heaved or that have settled. Minor damage or visual aesthetics do not warrant the replacement of sidewalk panels.

## Start Date:

Week of April 17, 2023 (weather depending)

*Additional project information you need to know:*

### Driveway Access

Where a new sidewalk panel has been replaced, please avoid driving across the panel for a period of 5 days to allow the cement to cure. If you are unable to enter the driveway, please park your vehicle on an adjacent side street or elsewhere, observing parking restrictions.

### Parking

To ensure an effective and efficient project, residents are asked to **not** park vehicles on the road between, 6:30 a.m. to 7:00 p.m., during construction. Vehicles impeding the construction will be tagged by the Township’s By-Law Enforcement.

### Encroachment

Construction may affect private lawn features within the Township boulevard. Homeowners are responsible for removing items such as **gardens, lawn sprinklers, hedges, driveway timber/concrete edges, etc.** to avoid unintentional damage due to the construction. **Sprinkler systems and lawn features mention above that are damaged by the construction work will not be repaired.**

Should you require information regarding this project, please contact the Township’s Public Works department at 519-632-8800 x136 or email [publicworks@northdumfries.ca](mailto:publicworks@northdumfries.ca).

Thank you in advance for your co-operation and patience.
