Dear Resident

**Reference: Hilltop Subdivision, Stage 3 Part of Phases 1B & 3A and 4 Broos Phase 1
2020 Surface Works, Ayr, Ontario**

On behalf of the Developers, 839658 Ontario Inc. and 2081788 Ontario Corporation, Stantec Consulting Ltd. wishes to advise you that surface asphalt works will be **commencing the week of September 7th**.

The project involves the damaged curb and gutter removal and replacement, raising of catchbasins, manholes and water valves for surface asphalt placement on Howard Marshall Street (between Hilltop and Hilltop Drive & Northeast of Patterson Drive), Vincent Drive (Patterson Drive to Freer Drive), Freer Drive, Challenger Avenue, and Robert Simone Way on the south end.

Hycon Servicing Inc. is the Contractor for these works. They will contact you by knocking on your door the morning of when the work is scheduled to commence in front of your lot to request that you remove any vehicles from your driveway, if required. Normally, you will **not** be able to use your driveway for a period of 2 to 7 days until the concrete gets cured.

During paving operations, we kindly request that you **do not** park your vehicle on the street that is scheduled to be paved. This work will limit on-street parking during the hours of 7:00 AM to 7:00 PM, Monday to Friday. Any vehicles parked on the street will be towed at the Owner's expense. Once paving activities are schedule to commence on your street, an additional notice will be sent prior to works starting.

Please watch for raised manholes and water valves on the streets.

Should you have any questions regarding this Notice, please contact one of the following:

Mr. Sean Yirka
Project Manager
Hycon Servicing Inc.
