- 2.121 **LOT AREA** - means the total horizontal area of a lot contained within the boundaries of the lot.
- 2.122 **LOT - CORNER** - means a lot situated at the intersection of and abutting upon two streets, or upon two parts of the same street, the adjacent sides of which street or streets (or, in the case of a curved corner, the tangents at the street extremities of the side lot lines) contain an angle of not

more than one hundred and thirty-five (135) degrees. In the case of a curved corner, the corner of the building lot shall be deemed to be the point of the street line nearest to the point of intersection of the said tangents.

- 2.123 **LOT DEPTH** - means the distance measured from the midpoint of the front lot line to the midpoint of the rear lot line or, in the case of a triangular lot, between the midpoint of the front lot line to the apex of the triangle formed by the intersection of the side lot liens, as illustrated in Figure 3.
- 2.124 **LOT FRONTAGE** - means
1. in the case of a lot abutting a straight street line, the distance between the side lot lines measured along a line drawn parallel to the street line at the distance specified in this by-law for the minimum front yard, as illustrated in Figures 4A, 4B and 4C.
 2. in the case of a corner or interior lot abutting a curved street line other than a corner eyebrow or cul-de-sac, the distance between the side lot line measured along a line drawn parallel to the tangent of the front lot line at the distance specified in this by-law for the minimum front yard, as illustrated in Figure 4D.
 3. in the case of a lot abutting a corner eyebrow or cul-de-sac, the distance between the side lot lines measured along a line drawn perpendicular to the mean bearing of the side lot lines the radial distance of which line, at its closest point to the street line, if not less than the distance specified in this by-law for the minimum front yard, as illustrated in Figure 4E.
- 2.125 **LOT-INTERIOR** - means a lot other than a corner lot.
- 2.126 **LOT LINE, FRONT** - means the lot line that divides the lot from the street, provided that in the case of a corner lot, the shorter lot line that abuts a street shall be deemed to be the front lot line and longer lot line that abuts a street shall be deemed to be an exterior side lot line, as illustrated in Figure 5.

- 2.229 **YARD** - means a space open from the ground to the sky on the same lot with a building, unoccupied except for such accessory buildings as are specifically permitted in this By-law.
- 2.226.1 **YARD, FRONT** - means a yard extending from side lot line to side lot line and from and parallel to the street line, to the nearest part of the main building or structure on the lot, disregarding open terraces or steps.
- 2.226.2 **YARD, REAR** - means a yard extending across the full width of the lot from side lot line to side lot line and extending from the rear lot line (or, in the case of a triangular lot, between the apex of the triangle formed by the intersection of the side lot lines) to the rear wall of the main building located on the lot. The depth of the rear yard, measured horizontally from the rear lot line (or, in the case of a triangular lot, from the apex of the triangle formed by the intersection of the side lot lines) to the closest point at which a main building may be located is defined in the zoning category under the hearing "Minimum Rear Yard".
- 2.226.3 **YARD, SIDE** - means a yard advance to the side lot line and extending from the building line to the rear yard. The width of the side yard (from the side lot line to the closest point at which a building may be located) is defined in each zoning category under the heading "Minimum Side Yard".
- 2.230 **YARD FLANKAGE** - means a yard on a corner lot lying adjacent to that street line which

by definition is a side lot line and which extends from the said street line to the building line.

- 2.231 **YARD - REQUIRED** - means that portion of a yard abutting the lot line or lines required to fulfil the minimum yard regulations as established by this By-law for the specific zone.

SECTION 3: INTERPRETATION

- 3.1 In this By-law, unless the context otherwise requires, the expression "use" or "used" shall include anything done or permitted by the owner or occupant of any land, building or structure, directly or indirectly, or by or through any trustee, tenant, servant or agent acting for or with the knowledge and consent of such owner or occupant for the purpose of making use of the said land, building or structure.
- 3.2 In this By-law, unless the contrary intention appears, words importing the singular number or the masculine gender only shall include more persons, parties or things of the same kind than one and females as well as males and the converse.
- 3.3 In this By-law, the word "shall" shall be construed as always mandatory.
- 3.4 Where in Section 3 the act of defining imposes restrictions, regulations or controls, such restrictions, regulations and controls are adopted as restriction, regulations and controls imposed by this By-law.
- 3.5 When determining the minimum side yard requirements for a Residential Building, these requirements shall be determined by the number of storeys in the building adjacent to the yard.

SECTION 4: APPLICATION OF BY-LAW

All of the provisions of this By-law shall apply throughout all of the areas of the Township.

From and after the effective date of this By-law, no land shall be used and no building or structure shall be erected, altered or used and no change of occupancy of any building, structure, land or premises shall be made in whole or in part except in conformity with the provisions of this By-law.

4.1 LOTS UNDER SIZE

Where in any zone on the day of the passing of this By-law:

4.1.1 The total area or width of any vacant lot including abutting vacant lots registered in the name of one person is insufficient to meet the requirements of this By-law or where any lot as indicated on a draft plan of proposed subdivision which has been approved pursuant to the provisions of The Planning Act, R.S.O. 1990, as amended prior to the day of the passing of this By-law has been subsequently registered in conformity with such approved draft plan, such vacant lot may, notwithstanding the requirements of this By-law, have erected upon it a permitted building or structure provided that:

- a) The required side yards are not reduced by more than enough to permit a building, the front horizontal dimension of which is not greater than eighty percent (80%) of the lot width, but in no case shall the side yard be reduced to less than 1 metre (3 feet) on either side nor need it be increased beyond the side yard requirement for a lot which is not undersize. If a garage or carport is not attached to nor forms part of the main building, one side yard shall be not less than 3 metres (10 feet).
- b) Where private water supply and/or private sewage treatment facilities are to be used, that installation of these facilities has been approved by the Waterloo Regional Health Unit.
- c) All other requirements for such zone are observed.

4.1.2 Notwithstanding the foregoing, in any zone where a Residential Building - One Unit is a permitted use, a lot undersize shall be used for the erection of a Residential Building - One Unit only.

4.2 NON-CONFORMING USES

4.2.1 Nothing in this By-law shall apply to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law so long as it continues to be used for that purpose or to prevent the erection of any building or structure, the plans for which have prior to the day of the passing of this By-law been approved by the Chief Building Official, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the erection of such buildings or structure is commenced within two (2) years after the day of the passing of this By-law and such building or structure is completed within reasonable time after the erection thereof is commenced.

4.2.2 Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure or part of any building or structure provided the strengthening or restoration will not change the use of the building or structure.

- 4.2.3 A building destroyed by fire, flood or any act of God may be restored and reconstructed on the same lot provide the yard depths existing at the time prior to the destruction are maintained or are not reduced to a depth less than required by this By-law, provided that a building permit for such restoration or reconstruction is issued within one year of the date of destruction.
- 4.2.4 Notwithstanding anything contained in this sub-section, where on the day of the passing of this By-law a building exists which was designed for and is used as a Residential Building - One Unit, nothing in this By-law, regardless of the zone in which the building is located, shall prevent:
- a) The construction of a building or structure for a use accessory to a Residential building in accordance with the regulations for accessory buildings in the zone within which such Residential Building is located.
 - b) The enlarging or extension of the existing Residential Building by not more than twenty-five percent (25%) of the total floor area of the building on the day of the passing of this By-law so long as such Residential Building when enlarged or extended will conform with the General Regulations contained in Section 6 of this By-law and the specific regulations covering side yards contained in Section 8.3.3.
- 4.2.5 A livestock building or manure storage structure which does not meet the Minimum Distance Separation (MDS II) requirements of this By-law and which is fully or partially destroyed by fire, flood, or any act of God may be restored and reconstructed on the same lot provided that the MDS compliance is not further reduced from that existing at the time of this By-law's passing.

4.3 DISCONTINUED NON-CONFORMING USES

Where for any reason the use of any land, building or structure for a use not permitted by this By-law but which was in existence on the day of the passing of this By-law has ceased and is not resumed within a six (6) month period of the date of ceasing, such non-conforming use shall not be resumed and any future use of the land, building or structure shall be in conformity with the regulations covering the zone in which the land, building or structure is located.

SECTION 5: ZONES

5.1 CLASSIFICATION OF ZONES

For the purpose of this By-law, the following zones are established and the lands included in each zone are shown on the Zoning Maps forming Schedule 'A' and Schedule 'B' to this By-law.

Zone	Map Symbol
Zone 1	Z.1
Zone 2	Z.2
Zone 2a	Z.2a
Zone 3	Z.3
Zone 4	Z.4
Zone 4a	Z.4a
Zone 4b	Z.4b
Zone 4c	Z.4c
Zone 5	Z.5
Zone 5a	Z.5a
Zone 6	Z.6
Zone 7	Z.7
Zone 8	Z.8
Zone 9	Z.9
Zone 10	Z.10
Zone 11	Z.11
Zone 12	Z.12
Zone 13	Z.13
Zone 14	Z.14
Zone 15	Z.15
Zone 16	Z.16

5.1.1 Use of Symbol (f) Following Zone or Zone Symbol

Where on the Zoning Maps the Map Symbol as established above is followed by the letter "f" in brackets, it is to indicate areas which have been identified in co-operation with the Grand River Conservation Authority as containing areas subject to flood or unstable soil conditions.

In any case where the Map Symbol is followed by the letter "f" in brackets, the lands so designated shall be subject to the following regulations in addition to the regulations for the zone:

- i) Any use permitted in the zone shall be permitted within existing buildings, save and except that no new residences or additional residential units shall be established on or below first floor level;
- ii) No new building or structure and no accessory buildings or structures in excess of 55 square metres shall be established without an amendment to the Zoning By-law;
- iii) Notwithstanding the minimum floor area and maximum lot coverage regulations of the zone, the permitted minimum floor area and maximum lot coverage of main buildings or structures shall be the floor area and lot coverage existing on the date of the passing of this By-law;
- iv) Notwithstanding 5.5.1 (iii) above, in cases where a lot is divided into two zones and one of these zones contains the (f) symbol, expansions or additions to existing buildings or structures shall be

permitted without amendment, exemption or variance to the Zoning By-law or the approval of the Grand River Conservation Authority if the proposed addition or expansion is to be located on that part of the lot which does not contain the (f) symbol. In cases where the proposed addition or expansion to the existing building or structure is to be located in an area containing the (f) symbol, a variance to the By-law through the Committee of Adjustment is required prior to the granting of a building permit;

- v) Accessory buildings or structures having an area of less than 55 square metres and in- ground or above-ground swimming pools are permitted in areas designated with an (f) symbol;
- vi) Notwithstanding the above, lands that contain the (f) symbol and which have received previous site plan approval from the Grand River Conservation Authority prior to the passage of this By-law, may be issued a building permit based on the approved site plan.

5.2 ZONING MAPS

The extent and boundaries of all the said zones are shown on the Zoning Maps forming Schedule 'B' to this By-law, which Zoning Maps, together with all notation, references and other information shown thereon, and including the Key are hereby incorporated in and declared to form part of this By-law to the same extent as if fully described herein.

Zone 1 (Z.1)

Any lands not indicated on the Zoning Maps as being within another zoning category are hereby included in Zone 1 - Z.1.

Boundaries of Zones

Where any uncertainty exists as to the location of the boundary of any of the said zones as shown on the Zoning Maps, the following rules shall apply:

- 5.2.1 Where the boundaries are indicated as following approximately the centre lines of streets or lanes or their productions, such centre lines shall be deemed to be the said boundary.
- 5.2.2 Where the zone boundaries are indicated as approximately following a lot line or property line, such lot line or property boundary shall be deemed to be the said boundary.
- 5.2.3 Where the boundaries follow railway lines, such boundaries shall be deemed to be located at the boundaries of the railway right-of-way.
- 5.2.4 The location of any zone limit not determined by one of the above shall be determined by the map scale.

5.3 CLOSED STREETS

Where any street or lane or portion thereof as shown on the Zoning Maps is hereafter closed or diverted or where any land included in any railway right-of-way shall hereafter cease to be used for railway purposes, the lands formerly included in such street, lane or railway right-of-way shall be included within the abutting zone or zones as shown on the Zoning Maps.

SECTION 6: GENERAL REGULATIONS

6.1 Within the Corporate limits of the Municipality, no person or persons shall use any land or erect or use any building or structure for any purpose other than one or more of the uses listed under the heading "Permitted Uses" for the zoning category in which such land, building or structure is located.

6.2 Within the Corporate limits of the Municipality, no person or persons shall use any land or erect or use any building or structure which does not conform to the provisions set out in this Section and to the regulations set out under the heading "Regulations" for the zoning category in which such land, building or structure is located.

6.3 REDUCTION OF MINIMUM LOT AREAS PROHIBITED

No lot area shall be so reduced that the yards or other open spaces shall be smaller than those prescribed in this By-law.

When any part of a lot is required by this By-law to be reserved as a yard or other open space, it shall continue to be so used regardless of changes in the ownership of such lands or part thereof and shall not be deemed to form a part of an adjacent lot for the purpose of computing the area thereof available for building purposes.

6.3A BUILDING HEIGHT

No person shall erect or cause to be erected any building which is greater than three (3) stories in height.

6.4 ACCESSORY BUILDINGS OR STRUCTURES

6.4.1 No person shall erect or cause to be erected an accessory building within a required side yard or between any building lines established by this By-law.

6.4.2 No person shall erect any accessory building or structure any part of which is within 3 metres (10 feet) of any main building on an adjoining lot and in no case shall any accessory building or structure be located closer than 1 metre (3 feet) from any interior or rear lot line. In all zones with the exemption of Z1 (See Section 7.2.3(b)).

6.4.3 Notwithstanding the above, two adjoining property owners may erect private garages within a rear yard which has a common wall located on the lot line and extending from ground to roof throughout the entire length of the structure.

6.4.4 No dwelling unit or habitable room may be established within, on, above or attached to an accessory building.

6.4.5 No accessory building shall be used in any zone for the housing, breeding or raising of livestock of any kind with the exception of Zone 1 (Rural/Agricultural) - Z1.

6.4.6 In any Zone 1, 6, 7, 8, 9, 10, 11 and 13, the total coverage of all accessory buildings shall not exceed ten percent (10%) of the lot area. In all other zones, the total floor coverage of all accessory buildings shall not exceed the maximum floor area as provided in sub-section 8.3.

6.4.7 Except in Zone 1, 9, 10 and 11, no accessory building shall exceed 5.2 metres (17 feet) in building

height.

- 6.4.8 Notwithstanding any other provision of this By-law, in Zone 2, Zone 3, Zone 4 or Zone 5, no accessory building shall be located so that any part or parts of said accessory building is closer to the street line than the front wall of the principal or main building located on the same lot.

6.5 PROHIBITED OBSTRUCTIONS

- 6.5.1 Except as specifically permitted elsewhere in this By-law, no person shall construct or locate any building or structure between the street line or lines and any building line established by this By-law, but this provision shall not apply to the construction or location of uncovered landings, terraces or steps provided that such landings, terraces or steps are not more than 1.2 metres (4 feet) above the finished ground level.
- 6.5.2 No person in any zone shall construct or locate any building or structure in any side yard required to be provided under this By-law, but this provision shall not apply to the construction or location of uncovered landings, terraces or steps provided that such lands, terraces or steps are not more than 1.2 metres (4 feet) above the finished ground level.
- 6.5.3 Notwithstanding the above, in any yard there may be erected or maintained the usual projections of windowsills, chimney breasts, belt course, cornices, eaves and other architectural features, provided however that no such feature shall project more than 0.3 metres (1 foot) into any required side yard nor more than 0.6 metres (2 feet) into any other required yard except for open iron or steel fire escapes, one or more of which may be erected or maintained.

6.6 CORNER LOTS

- 6.6.1 No Obstruction on Corners

At the intersection of two streets and within the triangular space formed by joining the point of each street line distant 15 metres (50 feet) from the point of intersection of the said street line, no shrub, foliage or structure other than a permitted building shall be maintained in such a location or manner so as to obstruct the view of the driver of a vehicle approaching the intersection and in no case shall such shrub, foliage or structure be maintained to a height or more than 0.75 metres (2.5 feet) above the finished grade of either abutting street.

- 6.6.2 Special Yard Provisions

In any zone where a Residential Building - One Unit or a Residential Building - Duplex or a Residential Building - Semi-Detached is permitted, a side yard requirement may be substituted for a rear yard requirement when such Residential Building is located on a corner lot.

6.7 ONE RESIDENTIAL BUILDING

No person shall erect, locate or use more than one (1) Residential Building on any one lot except where specifically permitted by this By-law.

6.8 FRONTAGE ON PUBLIC STREET

No lot shall be used nor shall any building or structure be erected thereon or used for any purpose in any zone unless the front line of such lot abuts a public street as defined by this By-law.

6.9 PUBLIC SERVICES AND UTILITIES

Notwithstanding anything contained in this By-law, the Township or any local board or commission thereof, the Regional Municipality of Waterloo, any telephone or telegraph company, a transportation system owned or operated by or for the Township or the Regional Municipality of Waterloo, a gas company holding a franchise under the provisions of the Municipal Franchise Act, as amended, and any department of the Federal or Provincial Governments including Ontario Hydro or the Hydro-Electric Power Commission of Cambridge and North Dumfries may, for the purpose of the public service, use any land or erect or use any building or structure in any zone, notwithstanding that such building or structure or proposed use does not conform to the provisions of this By-law for such zone. There shall be no exterior storage in yards of goods, materials or equipment in any Zone 2, 2a, 3, 4, 4a or 5. Outdoor storage in any other zone shall conform to the regulations of the zone relative to outdoor storage in the zone. Any buildings erected or used under the provisions of this sub-section within any Zone 2, 2a, 3, 4, 4a or 5 shall be designed and maintained in general harmony with the Residential Buildings of the type permitted in the said zone.

6.10 BUILDING LINE OR SETBACK REQUIREMENT

Except as specifically provided elsewhere in this By-law, on all streets and roads within the municipality, building lines or setback requirements are hereby established as follows:

6.10.1 For buildings existing on the day of the passing of this By-law, the building setback shall be a distance equal to the distance between the street line and the closest point of the existing building or as set out in paragraph 6.10.2 below, whichever is the lesser.

6.10.2 In Zone 1, the building line shall be 16 metres from any street line for:

- a) Residential Building - One Unit
- b) Group Home Type 'A'
- c) Veterinary Clinic or Office
- d) Buildings or structures accessory to the foregoing use

In Zone 1, the building line shall be 30 metres from any street line for:

- i) Farming
- ii) Buildings or structures used in the raising, training or boarding of horses including Riding Stable or Riding Academy
- iii) Buildings or structures accessory to the foregoing uses

6.10.3 In Zone 6, the building line shall be the front lot line.

- 6.10.4
- a) In any zone other than Zone 1 or Zone 6, the building line shall be 7.5 metres from the lot line.
 - b) In any zone, other than Zone 1 and Zone 6, the minimum required flankage yard shall be 6.0 metres.

Notwithstanding the foregoing:

6.10.5 On any lot between two existing buildings which are not more than 60 metres apart and both of which are between the street line and the building line established by this sub-

section, a building may be erected the front wall of which is in line with the front wall of the existing building closer to the required building line.

- 6.10.6 On any lot between two existing buildings which are not more than 60 metres apart and both of which are farther from the street line than the building line established by this subsection, the line of the front wall of the building closer to the street line shall be deemed to be the building line.

6.11 OFF-STREET PARKING AND OFF-STREET LOADING

The entrances, driveways, service areas, off-street parking and off-street loading areas, if not paved, shall be properly levelled, drained and treated to prevent the escape of dust.

6.12 OFF-STREET LOADING REQUIREMENTS

In any zone where off-street loading spaces are required, no commercial, industrial or institutional building to which or from which regular deliveries are made by truck shall be used or erected unless there is provided space off a street or lane for the standing, loading or unloading of trucks in conformity with the following regulations:

- 6.12.1 Shall be located to the rear of the building line or lines;
- 6.12.2 Shall be so arranged to avoid interference with the movement of traffic on public streets or lanes;
- 6.12.3 Each off-street loading space shall have a minimum dimension of 3.5 metres (12 feet) by 10.5 metres (35 feet) and a minimum overhead clearance of 4.5 metres (15 feet);
- 6.12.4 One off-street loading space shall be provided for each 2,300 square metres (25,000 square feet) or part thereof of building floor area.

6.13 OFF-STREET PARKING REQUIREMENTS

- 6.13.1 Unless specifically permitted elsewhere in this By-law:
 - a) all off-street parking areas required by this By-law shall be provided and maintained on the same lot and in the same zone as the one requiring such area;
 - b) all off-street parking areas shall be situated to the rear of the building line or lines.
- 6.13.2 Where, in accordance with the requirements of this By-law, any part of a lot is required to be reserved for off-street parking, such space shall continue to be so reserved.
- 6.13.3 No off-street parking area designed to contain more than four (4) off-street parking spaces shall be located within 1.5 metres (5 feet) of any lot line.
- 6.13.4 When calculating the number of parking spaces required in accordance with the regulations of this By-law, any fraction or part of a parking space so calculated shall be considered to be a requirement for one additional parking space.

- 6.13.5 In any zone where off-street parking is required, such off-street parking spaces shall be provided and maintained on the same lot in conformity with the following:

Within all Residential Zone Classifications, the parking of Recreational Vehicles and Trailers shall be in conformity with the following regulations:

- a) There shall be no restriction on the number of recreational vehicles and trailers that can be parked or stored in a garage or accessory structure.
- b) The parking space used on the driveway for the recreational vehicle or trailer shall be in addition to the required number of parking spaces for the applicable residential zone or residential land use activity.
- c) A maximum of one recreational vehicle or trailer may be parked in the open. In the example of a snowmobile, all terrain vehicle or personal watercraft, the maximum allowance is two.
- d) For a recreational vehicle and/or trailer parked on a driveway, the maximum combined length of the trailer and recreational vehicle is 5 metres, exclusive of tongue or hitch, with a maximum height of 3.5 metres. Where the driveway is 8 metres or longer, the maximum combined length of the recreational vehicle and/or trailer, exclusive of tongue or hitch, shall be 9.2 metres with a maximum height of 3.5 metres. For the purposes of clarity, height in this provision shall be measured from the ground to the highest point of the body of the vehicle.
- e) For a recreational vehicle and/or trailer not parked on the driveway, the maximum combined length of the recreational vehicle and/or trailer shall not exceed 8.5 metres, exclusive of the tongue or hitch, with a maximum height of 3.5 metres. The recreational vehicle or trailer shall also be set back a minimum of 1.2 metres from any interior side or rear lot line, and, shall be parked behind the front wall of the dwelling or in the rear yard. For the purposes of clarity, height in this provision shall be measured from the ground to the highest point of the body of the vehicle.
- f) If any recreational vehicle or trailer exceeds the maximum limits as set out in Items d. and/or e. stated above, the recreational vehicle or trailer may be permitted to park on a driveway from May 1st to October 31st, and only for a period of up to 7 days per month.
- g) Any recreational vehicle and/or trailer parked must be located entirely on private property and not extend or encroach onto adjacent lands, which includes the road allowance.

6.14 OUTDOOR STORAGE AND DISPLAY

Except as specifically provided elsewhere in this By-law, the outdoor storage or display of goods, materials, parts, machinery or finished products is prohibited.

6.15 BUFFER STRIPS

In any zone where a buffer strip is required, such buffer strip shall:

- 6.15.1 have a minimum width throughout of not less than 1.5 metres (5 feet);
- 6.15.2 be located abutting the zone or lot limit save and except that no buffer strip shall be located between the street line and any building line established by this By-law;

- 6.15.3 be in addition to all other yards required in the said zone;
- 6.15.4 be kept free of all parking, building or structures except for a legal boundary fence or wall;
- 6.15.5 be used only for the planting of grass, flowers, shrubs or trees.

6.20 TITLE SEPARATION OF ATTACHED DWELLINGS

Nothing in this By-law shall be deemed to prevent separate and distinct ownership of the individual dwelling units in Residential Buildings - Semi-Detached so long as the total aggregate requirements set forth in this By-law for each such building lot are maintained and so long as the following regulations are adhered to:

- 6.20.1 Each separated parcel shall:
- a) have frontage on a public street; have a lot area of not less than 275 square metres (2960 square feet);
 - b) provide off-street parking space in conformity with the provisions of sub-sections 6.11 and 6.13 of this By-law.

6.21 THE CONDOMINIUM ACT, R.S.O. 1990, AS AMENDED

Nothing in this By-law shall be deemed to forbid or restrict the registration of a declaration and description made pursuant to the provisions of The Condominium Act, R.S.O. 1990, as amended.

6.22 PITS AND QUARRIES

Except by amendment to this By-law, the making or establishment of pits and quarries within the Township is hereby prohibited save and except for those areas located in Zone 14 (Z.14) as shown on the maps forming Schedule 'B' to this By-law and except for those areas shown on the maps forming sections 2.1.111, 20.1.112 and 20.1.113 of Schedule 'A' to this By-law subject to the provisions of sub-section 19A.2 of the said Zone 14.

Nothing in this By-law shall prevent the making or establishment of a wayside pit or wayside quarry as defined in this By-law.

6.23 REGULATIONS FOR FARM-RELATED OCCUPATIONS

Where a farm-related occupation is a permitted use, such occupation shall be established only in conformity with the following:

- 6.23.1 All buildings, structures, storage, parking and loading areas used in connection with a farm-related occupation shall not occupy an area exceeding 0.4 hectares in area.

Not more than two (2) employees who are not permanent residents on the property shall be engaged in the farm-related occupation.

No farm-related occupation shall be permitted until a Certificate of Occupancy has been issued by the Township. No change in use shall be made without the issuance of a new Certificate of Occupancy.

Any building or structure erected or used in connection with a farm-related occupation shall be located to the rear of the building line or lines established by this By-law and in no case closer to a road than the wall of the existing building closest to the road.

6.24 REGULATIONS FOR MOBILE HOME AS SECOND DWELLING UNIT ON A FARM

In a Zyl (Rural/Agricultural) a mobile home as a second dwelling unit on a farm shall only be permitted by Council permission via a development agreement and the submission of approved site plans and Regional Health Unit clearance. This agreement to be reviewed on an annual basis and further extensions will be evaluated on the demonstration of need.

6.25 REGULATIONS FOR GARDEN SUITES

No Garden Suite shall be erected or used except in conformity with the following regulations:

- 6.25.1 A garden suite is only permitted where a site-specific, temporary zoning by-law allows one.
- 6.25.2 The Township may require the owner of the Garden Suite or any other persons to enter into an agreement with the Township dealing with matters related to the temporary use of the Garden Suite as the Township considers necessary including:
 - i. The installation, maintenance and removal of the Garden Suite;
 - ii. The period of occupancy of the Garden Suite by any of the persons named in the agreement; and
 - iii. The monetary or other form of security that the Township may require for actual or potential costs to the Township related to the Garden Suite.
- 6.25.3 A maximum of one (1) Garden Suite may be permitted per lot.
- 6.25.4 A Garden Suite shall only be permitted within a zone in association with a single-detached dwelling.
- 6.25.5 A Garden Suite cannot be severed from the lot containing the principal dwelling.
- 6.25.6 A Garden Suite must be connected to municipal services where such services are available. However, where municipal services are not available, a Garden Suite may be connected to private services subject to approval.
- 6.25.7 The size of the Garden Suite must:
 - i. not be greater in size than 40% of the footprint of the principal dwelling unit or 110 m² (1,184 ft²), whichever is lesser;
 - ii. not exceed a lot coverage of 40% of the rear yard; and
 - iii. not exceed the height of the principal dwelling, and in no case shall be more than 3.6 m (11.8 ft) in height except for a coach house with a flat roof, which has a maximum building height of 3.2 m (10.5 ft).
- 6.25.8 A basement is not permitted.
- 6.25.9 A Garden Suite is only permitted in the rear yard.
- 6.25.10 A Garden Suite cannot be within 4 m (13 ft) of any building on an adjoining lot and cannot be within 1.5 m (4.9 feet) from any interior or rear lot line. A Garden Suite may not be permitted within any building lines established by this By-law.
- 6.25.11 A Garden Suite shall not be permitted in an area regulated by the Grand River Conservation Authority unless a permit is obtained. A Garden Suite shall not be permitted within a Core Environmental Feature as identified in the Township of North Dumfries Official Plan.

- 6.25.12 Where a Garden Suite is located on a lot, neither a Secondary Dwelling Unit, Coach House, nor any rooming units such as a bed and breakfast or group home are permitted on that lot.

6.26 EXTENSION OF NON-COMPLYING BUILDINGS OR STRUCTURES

In any zone where, on the day of the passing of this By-law, a building or structure exists legally, the use of which conforms and complies with the uses permitted in the zone within which such building or structure is located, but which building or structure does not comply with the regulations for such zone, extension or addition to such building or structure may be permitted subject to the following:

- 6.26.1 That the lot or parcel on which the non-complying building or structure exists conforms to the minimum lot area, width and frontage requirements for the zone within which such lot is located.
- 6.26.2 That the extension or addition will conform to all of the requirements and regulations for the said zone including all off-street parking and off-street loading requirements, except that the extension or addition may take place within a required yard or setback so long as it does not further encroach upon such required yard or setback than does the non-complying building or structure or extend beyond the boundaries of the lot.
- 6.26.3 That the combined existing building plus the extension or addition will not exceed the maximum lot coverage or the maximum building height established for the zone.

6.27 REGULATIONS FOR A HAIRDRESSER OR BARBER FOR THE OCCUPANT OF A RESIDENTIAL BUILDING - ONE UNIT

- 6.27.1 That such hairdressing or barbering facility be located within a Residential Building - One Unit and be operated by the occupant of the private dwelling unit and employ not more than one (1) person who does not reside in the dwelling in which such hairdresser or barber is permitted;
- 6.27.2 That an area not exceeding twenty-five percent (25%) of the ground floor area of the Residential Building - One Unit shall be used for the hairdressing or barbering facility.
- 6.27.3 That there shall be no external evidence of the hairdressing or barbering facility except for an identification sign which is not to exceed 0.2 square metres (2 square feet) in area.
- 6.27.4 That off-street parking shall be provided at a minimum rate of one space for the Residential Building - One Unit, one space for the non-resident employee, and two spaces for the hairdressing or barbering facility.

6.28 BUILDINGS USED FOR LIVESTOCK OR MANURE STORAGE

No building used for the housing, breeding or raising of livestock for commercial purposes nor any building or structure or lagoon intended for the keeping or storage of manure shall be located within 300 metres of any zone limit established by this By-law nor within 300 metres of any

non-farm Residential Building unless the applicant can provide a letter issued by the Ministry of Agriculture and Food which indicates that the proposed building, structure or lagoon will comply with the Minimum Distance Separation Formula devised by that Ministry when the areas zoned other than Zone 1 are fully developed.

6.29 MINIMUM DISTANCE SEPARATION – MDS I and MDS II

6.29.1 MDS I - New Non-Farm Uses

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no residential, mobile home development, institutional, commercial, industrial, or recreational use, located on a separate lot and permitted within a zone, shall be erected or altered unless it complies with the Minimum Distance Separation (MDS I), as may be amended, calculated using the formulas provided by the Ontario Ministry of Agriculture, Food and Rural Affairs.

6.29.2 MDS II - New or Expanding Livestock Facilities

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility shall be erected or expanded unless it complies with the Minimum Distance Separation (MDS II), as may be amended, calculated using the formulas provided by the Ontario Ministry of Agriculture, Food and Rural Affairs

6.30 DISTANCE SEPARATION - GROUP HOME

6.30.1 Within Zone 1, no group home shall be located on any parcel of land, any part of which is within 1000 metres of any part of a parcel which contains an existing group home.

6.30.2 Within any zone other than Zone 1 where group homes are a permitted use, no group home shall be located on any parcel of land, any part of which is within 400 metres of any part of a parcel of land abutting the same street and which parcel contains an existing group home.

6.31 Notwithstanding any other provisions of this By-law, the storage, repair or restoration of inoperative motor vehicles shall only be permitted in a building or an enclosed area screened by a wall or fence so that the use is not visible from any street.

6.32 LOTS WITH MORE THAN ONE USE OR ZONE

6.32.1 More than One Use

- i) Where a lot contains more than one permitted use defined separately herein, other than an accessory use, each such use shall conform to the provisions of this By-law which are applicable to such use in the Zone in which the said lot is located as if such use existed independently of any other use.
- ii) Where standards or provisions pertaining to two or more uses on one lot are in conflict, the highest or more restrictive standards or provisions shall prevail.

6.32.2 More than One Zone

- i) Except as otherwise provided in Paragraph (ii) of this Clause, where a lot is divided into two or more zones, each such portion of the said lot shall be considered a separate lot as defined herein and shall be used in accordance with the provisions of this By-law which are applicable to the zone wherein such portion of the said lot is located.
- ii) Notwithstanding anything to the contrary in Paragraph (i) of this Clause, where the use or uses of a lot divided into two or more zones are permitted in all such zones, the said lot shall be considered to be a single lot as defined herein and the highest or most restrictive zone requirements pertaining to such use or uses in all the said zones shall apply throughout the said lot.

6.33 DERELICT VEHICLES

Derelict vehicles shall not be stored in any zone other than on premises where the storage of such vehicles is accessory to a business lawfully conducted on the premises, provided no vehicle or equipment, excluding agriculture equipment, not actively under repair shall be stored for more than 14 days.

Within the municipality the following is restricted either alone or in conjunction with other uses except as otherwise permitted in this By-law:

- i) The locating or storing on any land for any purpose whatsoever any disused railroad car, street car body, truck body or trailer without wheels, whether or not the same is situated on a foundation.

6.34 PORTABLE BUILDINGS

Except for temporary contractor's shed, temporary real estate sales offices and portable school classroom buildings, and except as specifically provided elsewhere in this By-law, the use of portable buildings and/or structures is prohibited.

6.35 BED AND BREAKFAST ESTABLISHMENT (B & B)

No person or persons shall use any part of a dwelling unit for a Bed & Breakfast Establishment except in conformity with the following regulations:

- 6.35.1 That the Bed and Breakfast is located within the main residential building – one unit
- 6.35.2 That a maximum of four bedrooms be available for the accommodation of guests
- 6.35.3 That one off-street parking space be provided for each bedroom available to the public in addition to the space(s) required for the residential unit
- 6.35.4 That any exterior stairways required for the B & B shall be located in a side or rear yard

6.35.5 Bed and Breakfast Establishments are not permitted until a Certificate of Occupancy has been issued by the Township of North Dumfries Chief Building Official.

6.36 LAND USE COMPATIBILITY AND SENSITIVE LAND USES

Notwithstanding any other provisions of this By-law, the Township may utilize the Ministry of the Environment (MOE) Guidelines D-1 for “Land Use Compatibility”, or other current policies and guidelines, as a parameter to assess the relationship of industrial uses to sensitive lands by regulating permitted uses, separation distances, and operation intensity, as recommended in the guidelines.

6.37 REDUCTION IN REGULATIONS RESULTING FROM STREET WIDENING

If the acquisition of land, by registration on title on or after March 22, 1999, to widen a street results in non-compliance with regulations existing on the date of acquisition and respecting lot area, floor space ratio, lot width or yards, a building or use shall be deemed to comply with such regulations only in the circumstances which follows:

- 6.37.1 where the building or use existed at the date of the acquisition;
- 6.37.2 where a building or use is proposed to be developed by the same owner who conveyed the land for street widening; or
- 6.37.3 where a building or use is proposed to be developed in strict accordance with an approved site plan applied for by a previous owner, which required the conveyance of land for street widening, provided that:
 - i) where the lot is rezoned after the acquisition of land for street widening, no greater benefit shall be obtained than that which could be obtained based on the zoning in effect on the date of such acquisition; and
 - ii) the provisions of this section shall not apply in circumstances where the conveyance of land for street widening is a requirement of a subdivision of land approval.

6.38 QUONSET HUT

A quonset hut shall not be used as an accessory building within Residential Zones 4, 4(a), 4(b), 4(c), and 4(d); Residential Zones 5, 5(a); Industrial Zones 9, 10, and 11.

6.39 REGULATIONS FOR SECONDARY DWELLING UNITS

In any zone where a Secondary Dwelling Unit is permitted, such Secondary Dwelling Unit shall only be permitted in conformity with the following:

- 6.39.1 A maximum of one (1) Secondary Dwelling Unit may be permitted per lot. In the case of a condominium unit, only one (1) Secondary Dwelling Unit shall be permitted per condominium unit.

- 6.39.2 A Secondary Dwelling Unit shall be permitted within any zone in association with a single-detached or linked-detached dwelling, semi-detached dwelling, or townhouse dwelling.
- 6.39.3 The unit must be connected to municipal services where such services are available. However, where municipal services are not available, a unit may be connected to private services subject to approval.
- 6.39.4 The creation of the unit must not result in any new doorway entrance added to the front wall of the principal dwelling unit. An internal lobby or vestibule with a common doorway entrance in the front wall is permitted.
- 6.39.5 Stairs above ground may be permitted only in the rear yard to access a second unit on the second storey if there is a deck connected to the second storey entrance with a minimum size of 15 m² (150 ft²).
- 6.39.6 Basement access and basement wells are permitted only in the rear yard and must not exceed a maximum area of 5 m² (50 ft²), in addition to the stairs.
- 6.39.7 The unit, if located at or above grade shall not be larger than 40% of the gross floor area of the principal dwelling or 110 m² (1,184 ft²), whichever is lesser. If located in the basement of the principal dwelling the unit may occupy the entire basement area.
- 6.39.8 The maximum driveway width for all zones is equal to the greater of:
- i. the garage door width plus 2.0 m (6.6 ft), provided that:
 - a. in the case of a lot with a lot width less than 10.1 m (33 ft), a minimum 25% soft landscaping is provided in the front or exterior yard in which the driveway is located;
 - b. in the case of a lot with a lot width of 10.1 m (33 ft) or greater, a minimum 40% soft landscaping is provided in the front or exterior side yard in which the driveway is located; or
 - ii. up to 6.1 m (20 ft) provided a minimum 40% soft landscaping is provided in the front or exterior side yard in which the driveway is located.
- 6.39.9 A Secondary Dwelling Unit shall not be permitted in an area regulated by the Grand River Conservation Authority unless a permit is obtained. The unit shall not be permitted within a Core Environmental Feature as identified in the Township of North Dumfries Official Plan.
- 6.39.10 Where a Secondary Dwelling Unit is located on a lot, neither a Coach House, Garden Suite, nor any rooming units such as a bed and breakfast or group home are permitted on that lot.

6.40 REGULATIONS FOR COACH HOUSES

In any zone where a Coach House is permitted, such Coach House shall only be permitted in conformity with the following:

- 6.40.1 A maximum of one (1) Coach House may be permitted per lot.
- 6.40.2 A Coach House shall only be permitted within a zone in association with a single detached dwelling.
- 6.40.3 The Coach House may not be severed from the lot containing the principal dwelling.
- 6.40.4 Water and sewer services must be connected to the principal residence where municipal services are available. However, where municipal services are not available, a Coach House may be connected to private services subject to approval.
- 6.40.5 A Coach House must be located on a lot with a minimum lot width of 16 m (54 ft), a lot depth of 40 m (131 ft), and a lot area of 640 m² (7,074 ft²).
- 6.40.6 The Coach House and any associated driveway and parking areas may not exceed a lot coverage of more than 40% of the rear yard;
- 6.40.7 The size of the Coach House must:
 - i. not be greater in size than 40% of the footprint of the principal dwelling unit or 110 m² (1,184 ft²), whichever is lesser;
- 6.40.8 If the Coach House is attached to or above a detached garage:
 - i. the building height cannot exceed that of the principal dwelling and in no case shall be more than 5.2 m (17 ft) in height; however, if the lot is greater than 0.4 hectares (1 acre), then the height shall be no more than 6.1 m (20 ft); and
 - ii. the Coach House cannot be closer to the street line than the front wall of the principal dwelling located on the same lot.
- 6.40.9 If the Coach House is a free-standing structure or forms part of an accessory structure (other than a detached garage):
 - i. the height cannot exceed the height of the principal dwelling, and in no case shall be more than 3.6 m (11.8 ft) in height except for a coach house with a flat roof, which has a maximum building height of 3.2 m (10.5 ft); however, if the lot is greater than 0.4 hectares (1 acre), then the height shall be no more than 6.1 m (20 ft); and
 - ii. the Coach House must be located in the rear yard.

- 6.40.10 A basement is not permitted.
- 6.40.11 A Coach House cannot be within 4 m (13 ft) of any building on an adjoining lot and cannot be within 1.5 m (4.9 feet) from any interior or rear lot line.
- 6.40.12 A Coach House may not be permitted within any building lines established by this By-law.
- 6.40.13 Where an accessory structure existed as of April 23, 2018 and does not comply with the minimum required height, interior and rear yard setbacks or building lines, it may be converted to a Coach House if it complies with all other provisions of this section and does not encroach further into the building lines as established by this By-law.
- 6.40.14 The maximum driveway width for all zones is equal to the greater of:
- i. the garage door width plus 2.0 m (6.6 ft), provided that a minimum 40% soft landscaping is provided in the front or exterior side yard in which the driveway is located; or
 - ii. up to 6.1 m (20 ft) provided a minimum 40% soft landscaping is provided in the front or exterior side yard in which the driveway is located.
- 6.40.15 At least one unobstructed pathway must be provided at a minimum width of 1.2 m (3.93 ft) and a maximum width of 1.5 m (4.9 ft) between the Coach House and a public street.
- 6.40.16 The roof of a building containing a Coach House may not contain an amenity area.
- 6.40.17 A Coach House shall not be permitted in an area regulated by the Grand River Conservation Authority unless a permit is obtained. The unit shall not be permitted within a Core Environmental Feature as identified in the Township of North Dumfries Official Plan.
- 6.40.18 Where a Coach House is located on a lot, neither a Garden Suite, Secondary Dwelling Unit, nor any rooming units such as a bed and breakfast or group home are permitted on that lot.

6.41 DECKS

A Deck is permitted in any property zoned Residential or Agriculture where a residential building exists. The Deck may be attached to a residential building or detached from the residential building. The Deck, when measured greater than 0.6 metres above the average grade, shall not:

- i. Encroach into a required side yard setback established for the principal dwelling within the applicable zone classification when affixed to the residential building or as detached structure; and,
- ii. Intrude any further than a maximum of 3 metres into a required rear yard setback that has been established for the applicable zone classification when affixed to the residential building or as a detached structure; and,
- iii. Where a detached deck is constructed accessory to an above ground pool, the deck shall not exceed a height of 1.2 metres above the average grade, and, shall be set back a minimum of 1.5 metres from the property line.

SECTION 18A: ZONE 12A - Z.12A

Section 18A: ENVIRONMENTAL PROTECTION ONE (EP1) 12A – 12A

Explanatory Note: Zone 12A – Z.12A applies to lands that are within:

- Environmental Preservation Areas, Provincially Significant Wetland Areas, Natural Heritage buffers established through an Environmental Impact Statement, or Natural Hazards.

The zone limits for the Environmental Protection One (EP1) may be refined, and minor areas added or deleted without amendment to the Township's Zoning By-law. The location of an amended boundary will be determined through an Environmental Impact Statement and/or through consultation with the applicable agency, including the Region of Waterloo and the Grand River Conservation Authority.

18A.1 PERMITTED USES

Within a Zone 12A – Z.12A, no land shall be used and no building or structure shall be erected or used except in accordance with the following uses:

- a farm on existing cleared areas, excluding new farm buildings, structures and accessory dwellings. Notwithstanding this clause, a farm accessory structure may be permitted in the floodplain provided a permit is obtained from the Grand River Conservation Authority under The Regulation of Development, Interference with Wetlands and Alterations to Shorelines and Watercourses, Ontario Regulation 150/06 (an any amendments thereto);
- municipal services and public utilities, excluding essential emergency services such as: police, fire and ambulance
- wildlife management area
- forest management area
- buildings or structures intended for erosion control, normally operated and maintained by a public authority

18A.2 EXISTING USES TO CONTINUE

Where a building or structure and/or land use that legally existed at the date of the passing of this By-law, such buildings and lands may continue to be used for the same purposes, but may not be reconstructed, except in circumstances outlined below. Expansions to an existing use as described herein may be permitted subject to the approval of the Township and the Grand River Conservation Authority. Buildings or structures existing on the date of the passage of this By-law within the Environmental Protection One (EP1) 12A- Z. 12A shall be recognized as legal non-conforming.

Where an existing use, building or structure is destroyed by fire, flood, or any act of God, such building or structure may be restored and reconstructed to the same dimensions/footprint and on the same lot provided the yard depths existing at the time prior to the destruction are maintained or are not reduced to a depth less than required by the Township's Zoning By-law, provided that a building permit for such restoration or reconstruction, is issued within one year of the date of destruction, subject to the approval by the Township of North Dumfries and the Grand River Conservation Authority. The Township and the Grand River Conservation Authority may consider an alternate

location for the use, building or structure if the alternate location reduces the impact on the natural heritage features and functions or natural hazard risks.

18A.3 RESTRICTED USES

Without expanding the permitted uses, or limiting the restricted uses, the following uses shall specifically not be permitted:

- no new development or redevelopment is permitted within: the significant portion of the habitat in the Environmental Protection Area, Provincially Significant Wetlands, or areas susceptible to Natural Hazards;
- institutional uses such as hospitals, nursing homes, senior citizens residences, schools, day care centres, residential care facilities;
- any manufacturing use or storage of dangerous, flammable, explosive, toxic, corrosive, or buoyant materials;
- major expansions or increase in habitable units to existing residential uses will be required to meet the Provincial requirements for Safe Access and Egress by emergency vehicles;
- essential services such as police, fire, ambulance, major electrical substations;
- private sewage disposal systems (both primary and alternate systems locations).

GLOSSARY:

Adjacent – those lands contiguous to a specific natural heritage feature or area where it is likely that development or site alteration would have a negative impact on the feature or area.

Buffers – an area adjacent to a natural heritage feature that has been identified through an Environmental Impact Statement as integral to the form and function of the natural heritage feature.

Conservation Area – a place designated by the Ministry of Natural Resources as environmentally sensitive and includes any area owned by a Conservation Authority.

Environmental Impact Statement – a study prepared in accordance with established procedures to refine the boundaries of elements of the Natural Habitat Network, identify the potential impacts of a development application on such elements, and recommend a means of preventing or minimizing these impacts through avoidance or mitigation. As defined in ROPP Glossary.

Environmental Preservation Areas - include those lands which may be identified for protection as the significant portions of habitat of Endangered Species; and/or the significant portions of habitat of Threatened Species. As defined in Regional Official Policies Plan (ROPP) (Section 4.2).

Environmentally Sensitive Policy Area – as identified in the ROPP (Section 4.3) and the Township of North Dumfries Official Plan (Section 6.1.4 and Map No. 6A)

Fish Habitat – the spawning grounds and nursery, rearing, food supply, and migration areas on which fish depend or indirectly in order to carry out their life processes. As identified in the Township of North Dumfries Official Plan (Section 6.1.5)

Forest Management Area – an area subject to the management of trees, woodlots and forests for the sustainable production and harvesting of wood and wood products, excluding the associated structures and new or improved access/egress routes.

Locally Significant Natural Areas - as identified in the Township of North Dumfries Official Plan (Section 6.1.8 and Map No. 6B)

Natural Hazards - lands having physical and environmental constraints such as: steep slopes, flood susceptibility, organic soils, erosion susceptibility, permanent water holding areas, other geophysical limitations, and all of their associated buffers and setbacks, which place limitations on development, as identified in the Township of North Dumfries Official Plan (Section 6.2 and Map No. 6C).

Wildlife Management Area – an area of land in which one or more wildlife species are protected or given sanctuary.

SECTION 18B: ZONE 12B – 12B

Section 18B: ENVIRONMENTAL PROTECTION TWO (EP2) 12B – 12B

Explanatory Note: Zone 12B – Z.12B classification applies to lands that are:

- Sensitive Groundwater Areas, Recharge Areas, Discharge Areas, Headwaters, Environmentally Sensitive Policy Areas, Locally Significant Natural Areas, Fish Habitat, Woodlands, Valleylands, Wildlife Habitat, ANSI's, wetlands identified by the Grand River Conservation Authority.

Where mapping is available, these features have been identified as Environmental Protection Two (EP2) 12B – Z. 12B. Development or redevelopment proposed within, contiguous or adjacent to these features requires the completion of an Environmental Impact Statement to the satisfaction of the Region of Waterloo, the Grand River Conservation Authority, and the Township of North Dumfries.

The zone limits for the Environmental Protection Two (EP2) 12B- Z. 12B may be refined, and minor areas added or deleted without amendment to the Zoning By-law. The location of an amended boundary will be determined through an Environmental Impact Statement and/or through consultation with the applicable agency, including the Region of Waterloo and the Grand River Conservation Authority.

Any new development or redevelopment proposed on the above-mentioned lands is subject to any provisions outlined in a completed Environmental Impact Statement to the satisfaction of the Region of Waterloo, the Grand River Conservation Authority and the Township of North Dumfries.

18B.1 PERMITTED USES

Within a Zone 12B – Z.12B, no land shall be used and no building or structure shall be erected or used except in accordance with the following uses:

- conservation area
- forest management area
- a farm on existing cleared areas, excluding farm buildings, structures and accessory buildings
- existing recreational trails
- existing public works and utility facilities
- legal non-conforming uses
- wildlife management area

18B.2 EXISTING USES TO CONTINUE

Expansions to an existing use as described herein may be permitted subject to the approval of the Township and the Grand River Conservation Authority.

Where an existing use, building or structure is destroyed by fire, flood, or any act of God, such building or structure may be restored and reconstructed to the same dimensions/footprint and on

the same lot provided the yard depths existing at the time prior to the destruction are maintained or are not reduced to a depth less than required by the Township's Zoning By-law, provided that a building permit for such restoration or reconstruction, is issued within one year of the date of destruction, subject to the approval by the Township of North Dumfries and the Grand River Conservation Authority. The Township and the Grand River Conservation Authority may consider an alternate location for the use, building or structure if the alternate location reduces the impact on the natural heritage features and functions or natural hazard risks.

18B.3 RESTRICTED USES

Without expanding the permitted uses, or limiting the restricted uses, the following uses shall specifically not be permitted:

- new development or redevelopment is not permitted within areas identified as significant through a technical study associated with the following features: Sensitive Groundwater Areas, Recharge Areas, Discharge Areas, Headwaters, Environmentally Sensitive Policy Areas, Locally Significant Natural Areas, Fish Habitat, Woodlands, Valleylands, Wildlife Habitat, ANSI's, wetlands identified by the GRCA;
- private sewage disposal systems (both primary and alternate systems locations).

GLOSSARY:

Adjacent – those lands contiguous to a specific natural heritage feature or area where it is likely that development or site alteration would have a negative impact on the feature or area.

Buffers – an area adjacent to a natural heritage feature that has been identified through an Environmental Impact Statement as integral to the form and function of the natural heritage feature.

Conservation Area – a place designated by the Ministry of Natural Resources as environmentally sensitive and includes any area owned by a Conservation Authority.

Environmental Impact Statement – a study prepared in accordance with established procedures to refine the boundaries of elements of the Natural Habitat Network, identify the potential impacts of a development application on such elements, and recommend a means of preventing or minimizing these impacts through avoidance or mitigation. As defined in ROPP Glossary.

Environmental Preservation Areas - include those lands which may be identified for protection as the significant portions of habitat of Endangered Species; and/or the significant portions of habitat of Threatened Species. As defined in Regional Official Policies Plan (ROPP) (Section 4.2).

Environmentally Sensitive Policy Area – as identified in the ROPP (Section 4.3) and the Township of North Dumfries Official Plan (Section 6.1.4 and Map No. 6A)

Fish Habitat – the spawning grounds and nursery, rearing, food supply, and migration areas on which fish depend or indirectly in order to carry out their life processes. As identified in the Township of North Dumfries Official Plan (Section 6.1.5)

Forest Management Area – an area subject to the management of trees, woodlots and forests for the sustainable production and harvesting of wood and wood products, excluding the associated structures and new or improved access/egress routes.

Locally Significant Natural Areas - as identified in the Township of North Dumfries Official Plan (Section 6.1.8 and Map No. 6B)

Natural Hazards - lands having physical and environmental constraints such as: steep slopes, flood susceptibility, organic soils, erosion susceptibility, permanent water holding areas, other geophysical limitations, and all of their associated buffers and setbacks, which place limitations on development, as identified in the Township of North Dumfries Official Plan (Section 6.2 and Map No. 6C).

Wildlife Management Area – an area of land in which one or more wildlife species are protected or given sanctuary.

SECTION 18C: ZONE 12C – 12C

SECTION 18C: ADJACENT LANDS OVERLAY 12C – Z.12C

Explanatory Note: Zone 12C- Z.12C is an overlay that is intended to apply to areas surrounding the following natural heritage features and environmental resources. The following lands and descriptors will be identified with an overlay and subject to the provisions of the Township's Zoning by-law:

- Lands contiguous to Sensitive Groundwater Areas, Recharge Areas, Discharge Areas, Headwaters;
- Lands contiguous to an Environmentally Sensitive Policy Area;
- Lands contiguous to a Locally Significant Natural Area, as identified in the Township of North Dumfries Official Plan (Section 6.1.8 and Map No. 6B);
- Lands within 30 metres of Fish Habitat and Non-Provincially Significant Wetlands as identified in the Township of North Dumfries Official Plan (Section 6.1.5);
- Lands contiguous to Woodlands as identified in the Township of North Dumfries Official Plan (Section 6.1.9);
- Lands that are within 120 metres of an Environmental Preservation Area (due to the sensitive nature of these features, the extent of the area of study will be determined at the time of an application);
- Lands that are within 120 metres of a Provincially Significant Wetland Area and unevaluated wetlands;
- Lands within 50 metres of valleylands, as identified in the Township of North Dumfries Official Plan (Section 6.1.18 and Map No. 6B);

The Adjacent Lands Overlay is intended to implement the policies of Section 6.5 (Environmental Impact Statements) of the Township of North Dumfries Official Plan. The provisions of the Adjacent Lands Overlay are to be applied in conjunction with the zone provisions for the underlying zones as established by the Township's Zoning By-law.

Prior to new development or redevelopment, within the Adjacent Lands Overlay 12C- Z.12C, that is contiguous or adjacent to the features noted above, any such new development or redevelopment is subject to the completion of an Environmental Impact Statement to the satisfaction of the Region of Waterloo, the Grand River Conservation Authority and the Township of North Dumfries. When the natural heritage and environmental features noted above are in close proximity to each other, the adjacent lands will be identified with the appropriate combination of overlays.

18C.1 PERMITTED USES:

The permitted uses, buildings and structures in the Adjacent Lands Overlay Zone shall be the same as those that are permitted in the applicable underlying zone.

GLOSSARY:

Adjacent – those lands contiguous to a specific natural heritage feature or area where it is likely that development or site alteration would have a negative impact on the feature or area.

Buffers – an area adjacent to a natural heritage feature that has been identified through an Environmental Impact Statement as integral to the form and function of the natural heritage feature.

Conservation Area – a place designated by the Ministry of Natural Resources as environmentally sensitive and includes any area owned by a Conservation Authority.

Environmental Impact Statement – a study prepared in accordance with established procedures to refine the boundaries of elements of the Natural Habitat Network, identify the potential impacts of a development application on such elements, and recommend a means of preventing or minimizing these impacts through avoidance or mitigation. As defined in ROPP Glossary.

Environmental Preservation Areas - include those lands which may be identified for protection as the significant portions of habitat of Endangered Species; and/or the significant portions of habitat of Threatened Species. As defined in Regional Official Policies Plan (ROPP) (Section 4.2).

Environmentally Sensitive Policy Area – as identified in the ROPP (Section 4.3) and the Township of North Dumfries Official Plan (Section 6.1.4 and Map No. 6A)

Fish Habitat – the spawning grounds and nursery, rearing, food supply, and migration areas on which fish depend or indirectly in order to carry out their life processes. As identified in the Township of North Dumfries Official Plan (Section 6.1.5)

Forest Management Area – an area subject to the management of trees, woodlots and forests for the sustainable production and harvesting of wood and wood products, excluding the associated structures and new or improved access/egress routes.

Locally Significant Natural Areas - as identified in the Township of North Dumfries Official Plan (Section 6.1.8 and Map No. 6B)

Natural Hazards - lands having physical and environmental constraints such as: steep slopes, flood susceptibility, organic soils, erosion susceptibility, permanent water holding areas, other geophysical limitations, and all of their associated buffers and setbacks, which place limitations on development, as identified in the Township of North Dumfries Official Plan (Section 6.2 and Map No. 6C).

Wildlife Management Area – an area of land in which one or more wildlife species are protected or given sanctuary.
