

## NOTICE OF CONSTRUCTION

### **Installation of Permanent Speed Humps Greenfield Road, between Northumberland St. to Trussler Rd.**

In response to speeding concerns on Greenfield Road and in conjunction with the pilot project initiated last year, the Township will be installing permanent speed humps as part of our traffic calming project. Based on the collected data, resident survey results, and community feedback, it was determined that the most effective long-term solution is the installation of permanent speed humps along the section of Greenfield Road, between Northumberland Street to Trussler Road.

The Township of North Dumfries' contractor, Brantco Construction, will begin installation of (5) permanent speed humps on Greenfield Road starting on June 16. Work is expected to take approximately 1 week, weather permitting.

The Township will take all reasonable measures to ensure a non-intrusive construction process.

During the rehabilitation project, we will make a concerted effort to maintain access to your driveway, however, driveway access may be interrupted for a minimal period of time. Staff and the Representatives from Brantco Construction will make their best efforts to advise residents in advance if your driveway will be blocked temporarily.

To ensure an effective and efficient project, residents are asked to not park vehicles on the road, shoulder or boulevard between, 6:30 a.m. to 7:00 p.m., during construction.

Waste collection and mail delivery will not be disrupted. Waste is to be placed curbside for collection by our Contractors on the regularly scheduled day by 7 am. If necessary, the contractor will move the material to a designated collection area on your behalf. Please ensure that you label your containers with your municipal address so they may be returned to you. Please note that containers will be returned by the end of the Contractor's work day.

*Thank you in advance for your co-operation and patience.*
