Purpose of Statutory Public Meeting:

The purpose of the Public Meeting is to present background information and to receive public and agency input on the proposal. Any person may participate in the hybrid Statutory Public Meeting by attending in-person or virtually (see Appendix A to this Notice for directions to participate virtually) and/or provide written comments on the proposal and/or may make verbal representation at the time of the meeting.

Location & Property Context:

The subject property is located on the west side of Rose Street, south of Piper Street and north of Water Street in urban Ayr, as shown on the location map below (*Figure 1*).

The subject property does not currently have a municipal address; however, it is located between the lots municipally addressed as 30 Rose Street and 70 Rose Street. The property can be identified by its roll number (Roll No. 300101000114505). The rectangular shaped lot is approximately 1,468 m² (0.15 hectares) in size, with a frontage of 18.29 m (60 ft.) onto Rose Street.

The subject property is currently vacant. Surrounding land uses are primarily urban residential.

Purpose and Effect of the Planning Application:

The purpose of the Zoning By-law Amendment application (File No. ZC-01/25) is to establish a new split-zoning for the property which would permit the development of a new single-detached dwelling.

The proposed two-storey dwelling will have a ground floor footprint/area of 232.47 m² (2502 square feet). A Secondary Dwelling Unit (basement unit) is also included in the proposal. A Concept Plan for the proposed development is included in Figure 2 on the next page.

The subject property is currently split-zoned as Z.1 – Agriculture, Z.4 – Urban Residential, and Z.4(f) – Urban Residential (Floodplain), with the majority designated as floodplain.

Due to the partial floodplain designation, technical reports and correspondence with the GRCA were conducted to more accurately determine the floodplain/slope hazard limit. The applicant proposes to construct the new residential dwelling on the portion of the property confirmed to be outside the slope hazard (which will be zoned "Z.4 – Urban Residential").

In summary, a Zoning By-law amendment is required to establish a new split zoning for the property, as follows:

- Zone 4 – Urban Residential (encompassing the proposed dwelling and remaining area outside of the confirmed slope hazard extent); and,
- Zone 12 – Open Space (covering the area to the inland limit of the confirmed slope hazard).
